

English

Book Study: Clockwork by Philip Pullman

To write a letter as a character from Clockwork (Prince Otto)

Use brackets and can also use dashes or commas for the same purpose.

Use expanded noun phrases to explain complicated information simply.

Write pieces describing settings, characters and atmosphere.

The Journey by Francesca Sanna

Plan writing by identifying the audience for and purpose of the writing, selecting the appropriate form.

Note and develop initial ideas, drawing on reading and research.

Draft and write by selecting appropriate grammar and vocabulary.

In narratives, describe settings, characters and atmosphere, integrate dialogue to convey character advance action

History - Benin

Use dates to order and place events on a timeline

Make comparisons between aspects of periods of history and the present day

Evaluate the usefulness of a variety of sources

Provide an account of a historical event based on more than one source

Give some reasons for some important historical events

Maths

Multiplication and division

Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers

Divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context

Fractions and Decimals

Compare and order fractions whose denominators are all multiples of the same number

Write equivalent fractions of a given fraction, represented visually, including tenths and hundredths

Recognise mixed numbers and improper fractions and convert from one form to the other and write mathematical statements > 1 as a mixed number e.g. $2/5 + 4/5 = 6/5 = 1 \frac{1}{5}$

Science

Forces

Explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object.

Identify the effects of air resistance, water resistance and friction, that act between moving surfaces

Recognise that some mechanisms, including levers, pulleys and gears, allow a smaller force to have a greater effect.

Changing States of Materials

Compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets

Explain that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution

Use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating

Demonstrate that dissolving, mixing and changes of state are reversible changes.
