

English

In English we will be reading the book Knuffle Bunny by Mo Williams. We will learn to write our own story about a lost toy. Later in the term we will write a letter about our lost toy using un words and exclamation marks.

R.E.

In R.E. we will be learning that Christmas shows God's love by sending his son for us. We will learn about the Annunciation and how the Angels told the shepherds about Jesus. We will write a letter from the Angel Gabriel to Mary to tell her about having the Baby Jesus.

Maths

In maths we will be finding missing numbers within 20. We will also be counting in 10's to 100 and looking for patterns when counting to 100. Also, we will be looking at comparing quantities and learning about the composition of numbers to 5.

Catholic Social Teaching and gem powers

Showing we care
Putting people most in need first

In Catholic Social Teaching this term, we learn how to show that we care and how to put people in need first.

The Gem Power this term is Sapphire which is remembering we can show good listening, looking and sitting.

How have toys changed over time?

History

In history, we will learn about toys. We will learn about old and new toys and how we can identify them as being old or new. We will make links between old toys and our grandparents and compare them to newer toys that we play with.

Author of the term – Janet and Allen Ahlberg

Science

We will learn about the seasonal changes between summer and autumn. We will learn about animals' body parts and the different types of animals e.g. reptiles, amphibians, fish and mammals. We will learn about what animals eat and begin to classify and sort them accordingly e.g. carnivores, herbivores and omnivores.

RHE

In RHE we will be learning that God created us and how to show that we are all important to God.

Computing

This term in computing we will continue to practice logging in and out of Purple Mash and look at technology outside of school.

Art

In art we will be learning who Gustav Klimt is and how he used pattern. We will learn what patterns are and how to accurately create them using drawing and printing. We will also experiment with texture.

Music

We will identify what 'rhythm' is and learn how to do and keep to a rhythm by learning a rap.

P.E.

In P.E. we will be practicing our bat and ball skills. Learning how to send and receive a ball to a partner. We will learn how to use a racket to dribble a ball and keep control of it.
